What is "INTRO LEVEL" ?

From Sharon Nelson of NADAC:

We are proud to announce the addition of "Intro" as a level to the NADAC program! "Intro" is a level for the classes, just like Novice, Open and Elite. So now there are four levels to each class.... Intro, Novice, Open and Elite.

The Intro level will be a shorter course than Novice (typically 6-10 obstacles). The only Intro level class with weaves will be Intro Weavers and it will have one set of 6 poles. No other classes will have weaves in them. The Intro level will have no tunnel/contact discriminations.

The Intro level is a full titling level with the basic titles at 30 points, Outstanding Performance at 60 points and Superior Performance at 100 points for Chances, Jumpers, Tunnelers, Weavers, Hoopers, Touch N Go, Barrelers, and Extreme Hoopers. For Regular the basic title is at 30 points, Outstanding Performance is at 100 points and Superior Performance is at 200 points.

*Dogs must be 18 months old and all other NADAC rules apply Good luck!!
Sharon Nelson*

The Intro level is a great opportunity for:

- Beginning dogs who would benefit from shorter and simpler courses for their first introduction to agility in a competition setting.
- Dogs who may not yet be weaving very well but can do everything else.
- Dogs coming back from time away from agility that need some "get back into it" runs.
- Older dogs who are still sound and want to play but get too tired running a full course.
- Trying out classes you may not have done yet to get a feel for them before entering for a full length run.

Important things to know about Intro:

- All rules of other levels (novice, open, elite) still apply. The dog must be able to perform obstacles safely and work under control off leash, and come back to the handler at the end of the run.
- Dogs that are out of control, unable to safely perform obstacles, or show aggression will be excused from the trial.
- No treats or toys are allowed to be used, training is permitted but only within the usual guidelines for the other levels.
- You do not have to pass Intro before going into Novice and you may drop back from Novice to do runs in Intro without losing points already earned in Novice (or higher levels).
- You may be in Intro for all, or just some of your runs. So you could mix novice and intro, for example, with the same dog on every day.
- The dog may jump at any height up to their standard measured jump height, but no higher than 16". Measurement is not required.

Intro Levels runs count in the total number of runs accepted in a trial.

Since we are usually at the limit as it is the addition of Intro runs means we could be filling earlier than usual.

Don't miss out by waiting too long to enter!

NOTICE TO EXHIBITORS

This trial is sanctioned by the North American Dog Agility Council (NADAC), with Extreme Agility Team as the host club. Exhibitors through submission of entry, acknowledge that they are knowledgeable of NADAC rules and regulations, including but not limited to the following rules regarding entry:

- All healthy, trained dogs over eighteen (18) months of age are eligible to compete in NADAC agility trials. **ALL DOGS MUST HAVE A NADAC REGISTRATION NUMBER BEFORE ENTERING THE TRIAL.** Go to www.nadac.com to register your dog before entering the trial.
- Bitches in heat, lame, or blind dogs are ineligible for entry, as is any dog with a deformity which may cause a judge to not be able to reasonably assess the dog's ability to function and perform agility obstacles safely, and in a manner that is in the best interest, health and welfare of the dog.
- Any dog which demonstrates aggression towards any person or any dog, whether inside the ring or outside the ring, **must** be excused from the agility trial. Any dog which the judge feels is not in enough control to perform all obstacles in a safe manner will be excused from the agility trial.
- The trial committee will not be responsible for the loss or damage to any dog exhibited, or for the possessions of any exhibitor whether the result was by accident or any other cause. It is distinctly understood that every dog at this event is in the care and custody and control of his owner or handler during the entire time the dog is on the show premises. Any exhibitor whose dogs and/or children create unnecessary disturbances or engage in unsafe or disruptive behavior may, at the discretion of the Show Committee, be asked to leave the show site. In such case, no refund of fees paid will be made.
- No collars, leads, food, toys, clickers, or other aids or devices shall be permitted on the course or within ten feet of the ring entrance at any time. The only exception to this is leading your dog to the start on lead, then handing the lead to a steward. All dogs should be on leash when not competing.
- Safety shall always be the foremost consideration in actions and conduct by handlers at all times.
- The organizing committee may refuse any entry other than on the basis expressly provided through rules and regulations of the sanctioning organization(s). Anyone not currently in good standing with NADAC will not be allowed entry into the trial.
- There shall be no refunds in the event a dog and/or handler are dismissed from competition, regardless of the reason for such dismissal.
- No entry fee will be refunded if the trial cannot open or be completed by reasons of riots, civil disturbances, fire, acts of God, public emergency, an act of a public enemy, or any other cause beyond the control of the organizing committee.
- Checks not honored by the bank do not constitute a valid entry fee. There will be a \$25.00 service charge for bank returned checks.

Please note the following information from NADAC:

IMPORTANT.

Please check your dog's NADAC registration number on your trial confirmation as soon as you receive it; also, please check the copy of the results posted at the trial. You should report any errors to the Trial Secretary immediately.

NADAC records trial results as they are submitted by the host clubs/groups. The individual trial results submitted by the club are uploaded to :

NADACForum.com

within two weeks after the NADAC office receives them from the club. Please accept the responsibility to review those results, and check that your registration number and qualifying points, as reported by the club, are correct.

You can join the Forum by going to www.NADACForum.com and submitting your request. If you find an error in the reporting of your dog's qualifying points or registration number, please contact the host club. The host club is responsible for correcting any errors and informing NADAC.

Levels.

Points earned at a higher level of a class, prior to the completion of the lower level title, will not be banked by NADAC for future use. If a dog earns points in a level of a class that they are not eligible to title in, those points will not be added to the dog's records.

PLEASE NOTE THAT AN UPDATED VERSION OF THE RULES HAS BEEN PUBLISHED.

You may find a complete set of rules at www.nadac.com

Skilled and Proficient Categories:

Dogs may be entered in either the Skilled or Proficient category. A dog may only be entered in one category for the entire weekend. A dog may not be entered in Skilled one day and Proficient on another day. Dogs may enter the Skilled or Proficient category in the Standard, Veteran Dog, Veteran Handler or Junior Handler Divisions. Skilled and Proficient categories apply to all classes.

Exhibitors entered in the Skilled category must jump one jump height lower than required per the current jump height table. For example a dog that measures to jump in the 20" Standard class would jump 16". A dog that measures to jump in the 20" class, and is eligible for veteran dog, veteran handler or junior handler status would jump the 12" (20"-4"- 4" = 12"). Dogs are allotted the standard course time for, are scored and are placed in the jump height entered. Dogs entered in the Proficient category must jump their measured height for the division they are entered in, Standard, Veteran Dog, Veteran or Junior Handler.

. Dogs entered in either the Skilled and Proficient category may earn a 5 point qualifier in Regular Agility only. They may incur up to five course faults **—or—** five time faults and still receive a 5 pt. qualifying run. In all other classes in both categories, one may only earn 10 points toward titles (no time or course faults). Bonus distance handling options may be included on any course at the discretion of the judge, which will award extra qualifying points for completing a designated challenge. Points earned in the Proficient and Skilled category are combined and count toward the same title at all levels.

NON-JUMPING CLASSES – VETERAN OR DISABLED HANDLER

Handlers who are 60 years or older, or who have a disability that restricts mobility, may choose to enter the non-jumping classes as a Veteran Handler and receive 10% more standard course time. This option is for Veteran/Disabled handlers in the non-jumping classes only.

The Veteran/Disabled Handler division is designed for handlers who, due to age or impairment, are mobility limited and need extra time to guide their canine partners through an agility course.

When entering as a Veteran/Disabled Handler, you must enter all dogs in all classes for the entire trial in this Division and must jump 4" lower than your Proficient, Standard Division jump height requires. In the non-jumping classes, dogs will be scored and placed with their Standard Division jump height.

Please refer to www.nadac.com for rules and details.

All exhibitors are responsible to read the rules and guidelines before attending a trial.

PLEASE NOTE:

As of January, 2014: Dogs must enter the Veterans Division in all jumping classes after their 9th birthday. After their 12th birthday, dogs must enter the Skilled Category, Veterans Division for jumping classes and Skilled Category for non-jumping classes.

Into Level: The Intro Level offers the opportunity to do courses shorter than novice, with no discrimination, and no weaves (or one set only in weavers). It is a titling level just like all others (novice, open or elite) and all rules apply. Points may be earned toward titles in the level. It is not required before entering novice, and dogs may move down into that level from others. For more information go to www.nadac.com and www.NADACForum.com.

VOLUNTEERS

**Many hands make for lighter work.
Please support the trial by volunteering.**

**There will be a sign up board for each ring,
you can write your name in for any open slot.**

These jobs need to be filled for each class.

Just sign up in a blank spot to help out for a round you are not running yourself:

Gate Steward – The traffic controllers who help people get lined up and into the ring for their runs.

Leash Runner – Delivers the leash from the start line to the finish.

Timer – Times each run and tells scribe the time to record for the run.

Scribe – Records the times and any faults the judge signals to them.

Pole Setters – Reset knocked poles and straightens equipment as needed, and changes poles between jump height changes.

Ongoing jobs during the trial that need your help include:

Course Builders – Help set up the course between rounds for the next class. Learn how courses are constructed and get a sneak preview of what the next class will look like!

Friday Set up – Early arrivers can be a big help by assisting with setting up courses and hospitality, and getting things ready for the weekend.

Volunteers will be treated
to a great home cooked lunch.
